■ M'lis Body Wraps \$175

Body contouring wrap may permanently reduce 4 to 14 inches from the waistline and other critical areas after a single treatment. Gentle pressure is applied to assist the body in its turnover of toxins and waste materials.

■ B12 \$35

Lipotropic injections contain lipotropic compounds, which are amino acids that act as catalysts in the body's breakdown of fat. This means they help speed up the process and make it more efficient.

■ 3D Skin Rejuvenation

A Multi-Zone Approach. By first targeting the skin's deepest layer with Titan, following with Genesis to smooth fine lines and wrinkles, we stimulate collagen to tighten, smooth and reduce pore size. Photofacial removes redness and brown spots on the surface. Our unique method of skin analysis allows this multimodality treatment to simultaneously stimulate and repair all three layers within the skin.

**Full Face \$4,800
(3 Titans, 5 Genesis, 5 Photofacials)**

Receive 3 complimentary microdermabrasions with purchase of a 3D package.

■ Rhytec Portrait Plasma Laser

Portrait is the only plasma laser technology available for skin rejuvenation. This technique involves highly energized nitrogen-based plasma particles, which improves skin tone and texture of skin. This technology is particularly effective for reversing the signs of skin damage such as brown spots (melasma) and fine wrinkles.
